

# Auto Garages

## Tire-wheel lockup

Wheelok secures a car, trailer, or camper in parking lots, airports, and streets, claims Lionweld Ltd. (March Road, Middlesbrough, Cleveland TS15 5JS, England). Two chocks wedge under the tire; a J-bar hooks over the top. A padlock secures arms in the clamping position.

### **Greenhouse garage**

Bolt-together galvanized-steel arches frame the Ultra-Hut. Greenhouse plastic, attached with "flexible clip strips," covers the 22-by-24-ft. structure. Two people can assemble the \$895 hut in four to six hours, says Monfort Assoc., (Box 1490, Wiscasset, Maine 04578).
